

- ➔ Go to https://maclive.mcmaster.ca:443/join_meeting.html?meetingId=1264518806878
- ➔ Login using your name
(use whatever name/nickname you choose; full first + last name is not required)
- ➔ Leave 'Password' blank

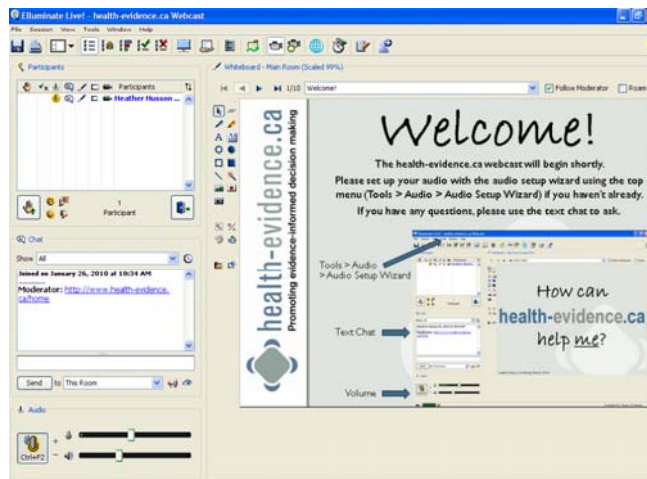

- ➔ Firewall protection may block your computer from accessing Elluminate via McMaster University MacLive
- ➔ Right-click on the warning and select 'Download File'

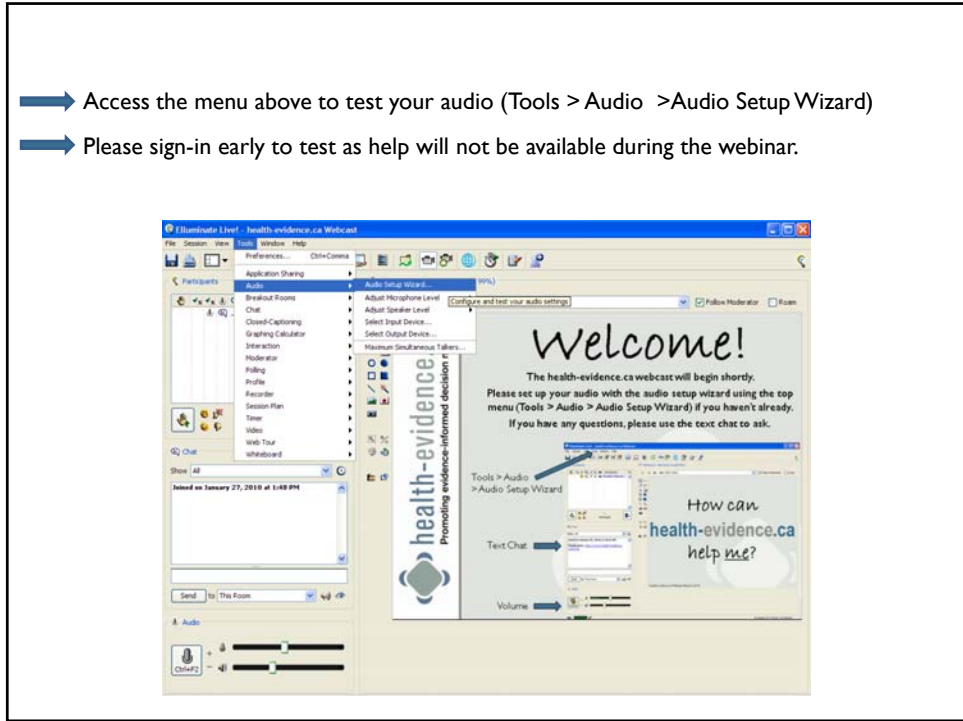

- ➔ You may see something like this asking you if you want to open or save the file
- ➔ Select 'Open' (this will only occur for a small number of participants, most computers will run Java automatically)
- ➔ It may take several minutes for Java to download (up to 8-10 minutes, possibly more for first-time Elluminate users)

- ➔ This is what your view should look like once you log into the webcast
- Note: if you are logging in to test your connection, the main screen will be blank, the presentation 'Welcome' slide will only be visible when you are logging into join the webcast on March 2nd*

- ➔ Access the menu above to test your audio (Tools > Audio > Audio Setup Wizard)
- ➔ Please sign-in early to test as help will not be available during the webinar.

- ➔ To ask a question during the webcast, use the Text Chat box to send a message to the presenter
